How to play:

Shuffle cards and place in a bag or container where players can't see what they are choosing. First player takes a card. If it is a word card, read it aloud. If correct, keep it and choose another card. Keep taking cards until a **Lift Off!** card is pulled out, or a word is mis-read. Then the next player has their turn. Count your word cards at the end. The player with the most words wins.
